Day One Ceremony Of 12-batch

VENUE: Institute of Biomedical Engineering Technology LUMHS Jamshoro.

EVENT DATE : 05-03-2015

Day one ceremony of our first batch celebrated in IBT LUMHS in month of April 2012 and our vice chancellor Dr.Noshad Ahmed Sheikh also attended this ceremony. He was the chief guest of this event. Whole event organised by Director Muhammad Ali Bohyo.

Event Report

Plantation Day

VENUE: Institute of Biomedical Engineering Technology LUMHS Jamshoro.

EVENT DATE : 15-02-2012

First event in Bs program was plantation day celebrated by first batch of Bs students and diploma batch students. On 15thFeb. 2012 it was world plantation day and first time in LUMHS it was celebrated. In this event Director Muhammad Ali Bohyo, all faculty members and Deputy Controller of Examination Mr. Iqbal Memon joined us. Every person enjoyed this event and the whole event was organized by the 1st batch BS BME students.

Inter Class Poster Competition

VENUE: Institute of Biomedical Engineering Technology LUMHS Jamshoro.

Poster competition was held in second semester of 12-batch, all the students made so much attractive and informative posters on this occasion. And also every student gave poster presentation in front of Director of IBT Mr. Muhammad Ali Bohyo, faculty members and guest of this competition was Mr. Iqbal Memon.

Event Report

Day One Ceremony Of 13-batch

VENUE: Institute of Biomedical Engineering Technology LUMHS Jamshoro.

Day one ceremony of second batch of B.S Biomedical Engineering was held in 2013 and the chief guest of this ceremony was Worthy Vice Chancellor of LUMHS Professor Dr.Mashoor Alam Shah and other respected personalities of LUMHS.

Event Report

9th Health Asia Conference At Expo Center Karachi

VENUE: Institute of Biomedical Engineering Technology LUMHS Jamshoro.

9thHealth Asia conference which was held in Karachi at expo centre some teachers of IBT LUMHS and students of 12-batch attended. Where student gain lot of information about E-health and telemedicine. The best health specialist IT and biomedical professionals are there to share precious knowledge with audience. It was the greatest event.

About HEALTH ASIA

IT is the biggest ever health event in the history of Pakistan which provides enormous opportunities of learning, information sharing & cooperation and match making to all the stakeholders in the health sector. The Event shall comprise Exhibition and Conferences on latest research & developments / innovations on health, medicine, laboratory technology, diagnostics, surgery, transplants, physiotherapy, patients' referrals, diets etc.. Delegations from Ministry of Health of OIC and Asian Countries, Hospitals of international repute, Medical Institutions, Pharmaceutical Companies are major participants of **Health Asia**.

There are approximately 100 international & domestic exhibitors that are showcasing their products and services. Over 51 foreign delegates are also gracing the event from more than 20 countries including Italy, China, Turkey, UK, Canada, Germany, Singapore, India, France, Switzerland, Malaysia, Belgium, Taiwan, Korea etc. approximately 17,245 visitors have visited the event during the 3 days. Topic of the seminar on 10th Sep, which I attend is ICT in health care.

Event Report

Cultural Day

VENUE: Institute of Biomedical Engineering Technology LUMHS Jamshoro.

Cultural Day was celebrated by the second batch of B.S BME . This day was celebrated in Pakistan and especially in Sindh province to show the unity and culture of our Sindh. In this event student present Sindhi tablo, and dance performance. They also present the traditional gift Sindhitopi and Ajrak to the Director and faculty members.

Innovation & Research In Bme

VENUE: Institute of Biomedical Engineering Technology LUMHS Jamshoro.

It was the first seminar at Institute of Biomedical Technology, organized by Director . Chief guest of this event is worthy Vice Chancellor Professor Dr. Noshad Ahmed Sheikh. Aim of this seminar is to motivate and encourage the students toward their field and also give them some key points regarding research and innovation. Director keenly interested for the enhancement of student’s skills . Speaker of this event was Engr. Kaleemullah Khushk and Engr. Zakir Shaikh. Speakers gave much precious and interactive knowledge about field and research.

World Arduino Day Celebrated At Ibt Lumhs

VENUE: Institute of Biomedical Engineering Technology LUMHS Jamshoro.

Arduino day was celebrated at Institute to enhance practical skills of B.S students . Third year students made project by using Arduino . By celebrating this day the programming skills and practical skills of students was increased. The idea of celebrating world Arduino Day was given by Director Muhammad Ali Bohyo and supervised by teachers.

Event Report

Broad Vision of Biomedical Engineering

VENUE: MUET

The main purpose of attending this seminar is to become aware of need and importance of biomedical engineering field in medical and health sector. Also to solve queries and concerns regarding this field.

Prof Dr. Bhawani Shankar Chowdhry Dean FEECE Muet Jamshoro, delivered welcome speech and also enlighten their thoughts of need of biomedical engineering in this modern era by saying Biomedical “Engineering blends traditional engineering techniques with biological sciences and medicine to improve the quality of human health and life. The discipline focuses both on understanding complex living systems - via experimental and analytical techniques - and on development of devices, methods and algorithms that advance medical and biological knowledge while improving the effectiveness and delivery of clinical medicine.”

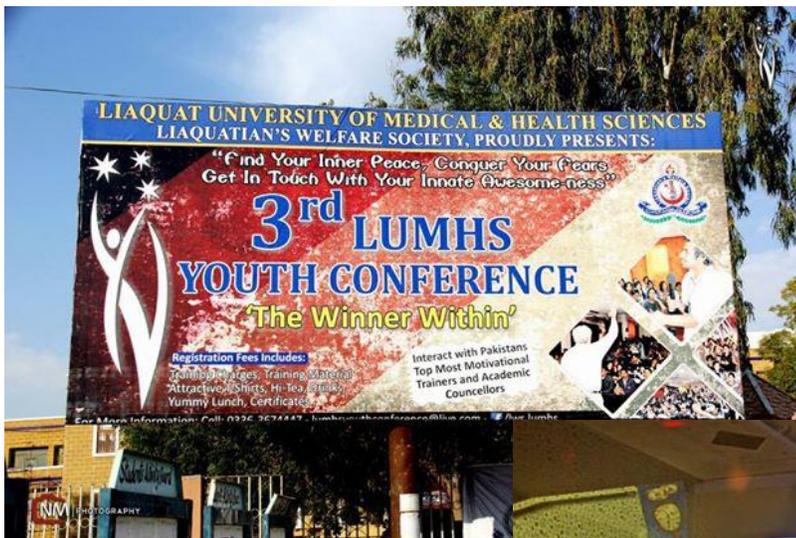

Event Report

3rd Lumhs Youth Conference (The Winners Within):

VENUE: Latif hall LUMHS Jamshoro.

Pakistan's youth has the potential to be creative and innovative. They are charged with enthusiasm and determination, which needs a sense of mobility channelized in the right direction. To unlearn the learned and to explore the unexplored, we aspire to ignite the spark of youngsters with a flicker that can turn into an inferno. Enlightening participant's heart, we intend to blow-up a flash of restlessness that has power to rekindle spirits within the circles of one's influence. This is something we term as the spirit of the 3rd LYC in LUMHS. We come up with an intention to direct the energy to serve, to accomplish personal, professional career goals and to serve communities and forth.

Pre-Symposium Workshop on Anaesthesia Gas Scavenging System

VENUE: Institute of Biomedical Engineering Technology LUMHS Jamshoro.

Workshop held on 23rd April 2014 and organized by IBT lecturers Engr Adeel ,Engr Saeed Ahmed, Sir Hinesh Kumar, Sir Sarfaraz Khan.

Event Report

Pre-Symposium Workshop on Research Fundamentals

VENUE: Institute of Biomedical Engineering Technology LUMHS Jamshoro.

EVENT DATE : 5-03-2015

ORGANIZED BY: Engineer Hiba Pervaiz & Engineer Sehreen Gopang

On the Occasion of Golden Jubilee of NIMRA Hospital & 10th International Symposium at Liaquat university of Medical and Health Sciences, which was held on 6th-8th march 2015, Institute of Biomedical Technology suggested to organized a Pre-symposium workshop. Under the supervision of Director IBT LUMHS, Mr. Muhammad Ali Bohyo the topic of this workshop is decided as **“RESEARCH FUNDAMENTALS”**. For this two Most Senior & Respectable Guest Speakers Prof. Dr. Adnan Ashraf & Dr. Aatir Hanif Rajput were invited to talk on this topic.

Guest of Honor

Professor Dr. Noushad Ahmed Shaikh worthy Vice chancellor Liaquat Univesrity of Medical & Health Sciences, was invited as **Chief Guest** of this event, Beside this Prof. Dr. Muneer Ahmed Junejo, Pro vice Chancellor, Dean Basic Medical Health Science and most Respectable the whole faculty of Institute of Biomedical Engineering Technology was invited as Guest of Honor to this event.

Guest Speakers

Dr. Adnan Ashraf, assistant professor at MUET is the PhD holder from Mehran University. He is the Foundation member of UNIFIED CREST-Research Group whose activities include conducting and guiding graduate and postgraduate level research in EST (Engineering, Science and Technology). A number of Publications in numerous Journal (international) is the evident of his massive experience in this field. Dr. Adnan Ashraf outstrip in whatever he does. His few of the Accolades also includes standing ovation at multiple leading educational institutes. Some of the renown organization to which he belongs as the professional member are UNIFIED CREST, IEEE, MUET & Pakistan Engineering Council.

Dr. Aatir Hanif Rajput, is the Managing Director at LUMHS Research Forum, Regional Coordinator (Hyderabad) at Pakistan Medical Students Research Society, Ambassador of Pakistan Society of Psycho-Physiology, Senior Research Associate at Advanced Educational Institute & Research Center (Karachi) and Scientific Reviewer at International Journal of Medical Students. He is admittedly supervising over 35 research projects at Liaquat University and Shaheed Muhtarma Benazir Bhutto Medical University.

On March 5th, the event was started with the Recitation of Holy Quran. Mr. Muhammad Shariq Khan was performing as the Host of this event. After the National Anthem, the first session was started by Dr. Aatir Hanif Rajput.

Session 1:

The first session was conducted by Dr. Aatir Hanif Rajput. He talked upon the basics of research. During his sessions, he covers topics like How to start research? How to select a topic? He also describes Persuasive writing, Descriptive writing. His interactive session also includes a description on Paraphrasing and Academic writing.

Session 2:

Dr. Adnan Ashraf started his session with the topic "Patent development & Monetization". He also discussed when to patent your ideas. He tells that a patent won't keep others from "stealing" your idea, but it does provide some legal leverage for going after someone who infringes. That said, one key thing to remember. He says "A patent is only as good as your pockets are deep". It's an unfortunate part of the legal aspects of patents specifically, and intellectual property generally.

Hi- Tea:

In order to create an interactive environment & to refresh students' minds, Hi-Tea was presented to the students.

Session 3:

The topic for this session was "MED CHAT". A real-time activity on article designing. Sir Adnan Ashraf involved students in different activities. A friendly and learning environment it was!!

Concluding this workshop, a shield and traditional gift distribution ceremony was held. Director IBT LUMHS, Mr. Muhammad Ali Bohyo presented the shield and Ajrak to the worthy vice chancellor LUMHS and received the shield of honor by vice chancellor.

In the last, the efforts were praised by the Director Pro vice chancellor. He said "It was really an admirable step by Institute of Biomedical Engineering Technology. We are always here to help in every step and to promote this department."

Event Report

Independence Day Celebration

VENUE: Institute of Biomedical Engineering Technology LUMHS Jamshoro.

EVENT DATE : 13-08-2014

IBT LUMHS celebrated 14th Aug in University on 13th Aug 2014. In which Vice chancellor of LUMHS invited as chief guest, this event included poster competition, debate competition and tableau.

Event Report

A Day With Android Workshop

VENUE: Institute of Biomedical Engineering Technology LUMHS Jamshoro.

IBT LUMHS also arrange one day workshop under the supervision of Sir Hinesh Kumar & Sir Saeed Ahmed on 28th Oct 2014 at IBT LUMHS. In this workshop a guest speaker Engr. Umair Qureshi from Telecommunication Department MUET Jamshoro gave tremendous motivation lecture and introduction to Android Apps.
