IsDB-TWAS Research Grant
(the world academy of sciences for the advancement of science in developing countries)
Deadline 12 September 2019

The UN Sustainable Development Goals present humanity – and the global research community – with urgent challenges. TWAS and the Islamic Development Bank (IsDB) are offering one competitive Grant for Research Collaboration in Sustainability Sciences. The goal: provide incentives for researchers from 57 IsDB member countries to work together on shared challenges.

(Partner Organizations Islamic Development Bank)

1. The Conservation, Food & Health Foundation (Deadline: 03 September 2019)

The Conservation, Food and Health Foundation seeks to protect natural resources, improve the production and distribution of food, and promote public health in Asia, Africa, Latin America, and the Middle East. The foundation helps build the capacity of organizations and coalitions with grants that support research or improve the learning and generation of local solutions to complex problems.

Priority areas:

- Conservation
- Food
- Health

4. Grants On Healthcare Issues Gilead Asia Pacific Rainbow Grant (Deadline: 30 September 2019)

Under the overarching theme of the “Fourth 90”, there are three types of projects that we are particularly eager to support

Priority Areas

FOCUS 1: ACCESS AND QUALITY OF LIFE

The Access and Quality of Life grants will support initiatives that promote patient-centricity, enhance access to care/information, and the quality of life of people living with HIV. Proposals can include:

- Sexual health and HIV prevention education campaigns;
- Education and awareness campaigns around U=U (Undetectable = Untransmutable);
- Access to basic health services including testing, mental health, and well-being programs — e.g.: counseling, vocational training for people living with HIV, health services for older patients, and key population-led health services such as case management, mental health or chemical dependency.

FOCUS 2: MULTIDISCIPLINARY CARE

The Multidisciplinary Care grants focus on initiatives aimed at enhancing capacity building for multi-disciplinary professions and long-term care. Initiatives include:

- Evidence and research generation projects focused on multidisciplinary care approaches;
- Capacity-building training of healthcare practitioners and non-health experts in psychology and mental health;
- Health literacy training programs for healthcare practitioners and allied health professionals on long-term condition management.

FOCUS 3: DIVERSITY & INCLUSION

The Diversity and Inclusion grant tackles discriminatory policies, labor laws and regulations, unjust workplace and HR practices, and social stigma against people living with HIV. Proposals can include:

- Workplace diversity campaigns;
- Advocacy for antidiscrimination employment or workplace policies;
- Campaigns to address social and cultural stigma.
