**CONTRIBUTION TOWARDS SUSTAINABILITY:
ASSESSMENT OF STUDENT'S KNOWLEDGE AND
AWARENESS**

YEAR - 2023

Contribution towards sustainability: assessment of student's knowledge and awareness

LUMHS regularly provides informative and awareness session to students regarding Sustainable development Goals. The awareness session on SDGs was given by final year student to the fellows the session brought advancement in the knowledge and awareness among students regarding the SDGs. Followed by the awareness session students are provided MCQs (a questionnaire for quiz).

The standard method to select student volunteers is to assess their knowledge about SDGs which demonstrates their interest in SDGs and working with communities to bring betterment in the life of people from diverse communities. A quiz competition takes place among students to be part of the SDG volunteer work force of LUMHS and students those who secure reasonable points in a quiz competition were invited in LUMHS MRC Auditorium for ceremony to receive their volunteer badges of SDG volunteers.

Image of SDG volunteer students while they are celebrating to be part a vibrant community of volunteers. These volunteers take active part in community outreach programs organized by university.
